

DC Power Supply AP-DC7201

Product Feature

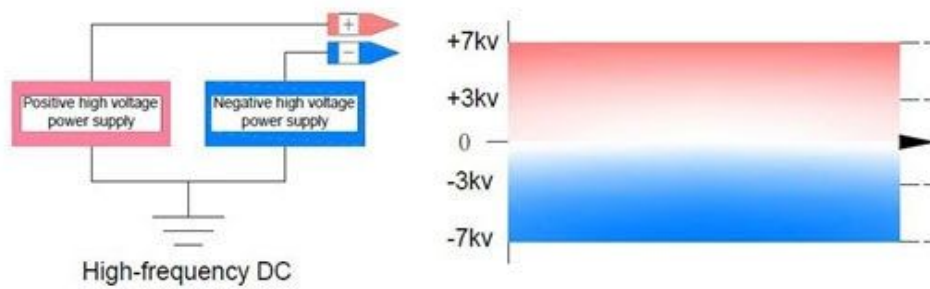

- 1、 High power and low power consumption
- 2、 Working under high voltage and micro current
- 3、 Excellent performance, safe and reliable
- 4、 Easy to operate with strong environmental adaptability
- 5、 Quick-released interface, convenient to install

Specification

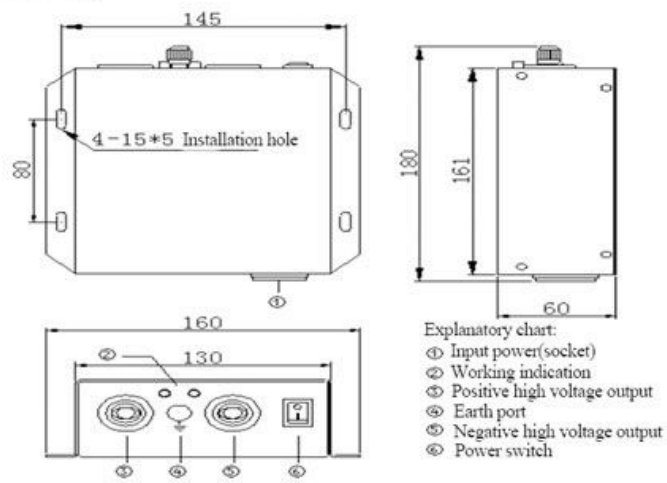

Model	AP-AC7201
Input voltage	AC220V/50Hz or AC110V/60Hz

Output voltage	±DC4500V--DC8000V
Power	5W
Working temperature	0°C—50°C
Working humidity	<85%RH
Dimension	180*160*60mm (L*W*H)
Working way	Continuity
Net weight	1340g(Including power cord)
Gross weight	1550g

Working Ways (DC)
