VLAB-100

"V" MIXER WITH INTERCHANGEABLE BOWLS
2L/4L/8L

V-blender for solid and powdery materials with interchangeable 2, 4 and 8 litre bowls.

Specially designed for **mixing tests** in pilot plant and laboratory. It allows effective mixing of dry powders, protecting the quality and ensuring the stability of the product.

The **polished interior finish** of the interchangeable tanks favours the mixing of the product and its subsequent cleaning and maintenance.

"Quick-Click" system for quick replacement of cuvettes. Ideal for cleaning and changing the cuvette model.

Digital control of the parameters to improve the user experience. Available:

Control digital de los parámetros para mejorar la experiencia de usuario. Dispone:

- Speed control, time control and position stop.
- Includes up to 9 mixing programmes.

INCLUDES

-  Instruction manual.
-  Network cable.
