

MX100-4A

Product Information

The MX100-4A is designed for shaking ELISA plate (96 well plates) TCPS and 1.5/2.0ml centrifuge tubes.

Features

1. Variable speed from 200rpm to 1,500rpm
2. DC brushless motor for gentle and powerful vibration
3. Continuous or timing operation
4. Orbital of 3mm for efficient mixing in small sample vessels
5. Simple spring holders for easy and quick plate installation

Technical Data

Model	MX100-4A
Mixing Orbit	3mm
Speed Setting Resolution	10rpm increment
Speed	200~1500 rpm @Standard 200~1000 rpm @Deep well plate or tube holder
Timer	1min~99h59min
Dimensions(mm)	AC220V or AC120V
Dimensions(mm)	290 x270 x 120
Net Weight	6.5kg

Accessories

NO	Code	Description
01	AS-04040-00	MX100-4A Microplate shaker
02	AS-02041-01	20×1.5ml tube holder (apolegamy)
03	AS-02041-02	20×0.5m tube holder (apolegamy)
