

JJ-4 Four-in-One Synchronous Electric Stirrer/Laboratory Stirrer

Basic Info

- Model NO.: JJ-4
- Stirrer: Six-Unit
- Specification: 1 pc in 1 box
- HS Code: 8479820090

- Type: Electric Stirrer
- Trademark: JY
- Origin: Changzhou, China

Product Description

Electric Stirrer

1. Hi-power, multitask, four unit, timer, synchronous speed
2. ISO13485/14001/9001 Certified, SGS Audited
3. Since 1984

The DC digital-display constant speed power-driven stirrer has sound design and novel structure. Adopting DC brushless motor and step-less speed governing with the stabilizing system, it has advantages of digital speed display, high power, low noise and easy operation, and is a basic equipment for mixing chemical reactions with various kinds of liquid phases in laboratories in all universities, colleges, scientific and research institutes and chemical plants.

Specifications of JJ-4 Four-in-one Synchronous Electric Stirrer/Laboratory Stirrer	
Power Supply	AC 220/110V 50/60Hz
Motor power	200W
Speed	0-3000rpm
Timer	0-120min
Digital display	for speed
Synchronous drive, step-less speed regulation, easy to operate.
