## CPS 022

**Item Number: 275.022.0**

In combination with the Charge Plate Set CPS 022 the EFM 022 becomes a charge plate monitor for the supervision of air ionizers according to EN 100015 and EOS/ESD S.3.1

The capacity of the charging electrode complies to the norms.

The discharge time from  $\pm 1000V$  to  $\pm 100V$  is measured with the EFM 022's integrated timer. The charging takes place with a external HV charger. Lieferumfang

- Transport case with conductive foam interior
- 3 pc. 9V NiMH storage batteries
- Plug-in charger for 9V storage batteries
- CPS base
- Plate capacitor
- HV charger
- Grounding cable 1,5m and 1m
- Alligator clip
- Manual
