MEL 250 (635.250.0)

Electrode for measuring surface resistance and leakage resistance on table or floor coverings. According to the following standards:

EOS / ESD - S 4.1 / S 7.1, EN 100015 Part 1, IEC 93, IEC 61340-5-1 and DIN IEC 1340-4-1

Technical specifications

Dimension:	Diameter: 70mm, height: 50mm
Contact rubber:	Diameter: 63mm, Shore hardness 60
Weight:	2.5kg
Connection:	Banana socket 4mm centrally from above
Isolation:	Shrink tubing R> 10 11 Ω (U = 100V)
Contact resistance:	<1kΩ (measured on a metal plate U = 10V)
