

## • AS892 Infrared Thermometer

**Product No.:** AS892

**Introduction:** Special for metallurgy, forging, furnaces, high temperature fields, etc.

### FEATURES

Special for metallurgy, forging, furnaces, high temperature fields, etc.

### SPECIFICATIONS

Temperature Range	200°C~2200°C(392°F~3992°F)
Accuracy	±2% or 2°C
Distance Spot Ratio	80:1
Emissivity	0.10~1.00 adjustable
Resolution	0.1°C or 0.1°F(<1000°C) / 1°C or 1°F (≥1000°C)
Wavelength & Response Time	(900-1700) μm &500ms
Repeatability	±1% or ±1°C
°C/°F Selection	√
Data Hold Function	√
Laser Target Pointer	√
Backlight Display	√

Auto Power Off

√

**PACKING INFORMATION**

Power	4*1.5V AAbattery
Product Net Weight	370g
Product Size	205*155*62mm
Packing Style	Gift box
Standard Quantity Per Carton	12
Standard Carton Size	52*33.5*47cm
Standard Carton Gross Weight	17KG
