

## Low Temperature Planetary Ball Milling Machine

### Low temperature planetary ball milling machine

- Brand:TOB NEW ENERGY
- Item No.:TOB-DSP-LT01
- Order(Moq):1
- Payment:L/C,T/T,Western Union
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7

## Product Detail

### Low temperature planetary ball milling machine

## SPECIFICATIONS

Power	220V 50HZ 4KW
Display	LED display, and can display ball mill speed
Transmission	Gear transmission
Milling to achieve the lowest temperature environment	-20 ° C
Low temperature control accuracy	±1 ° C
Way of working	Two or four tank work simultaneously
Max sample loading capacity	Two-thirds of the milling tank volume
Abrasive way	<p>Milling under dry or wet</p> <p>Stainless steel vacuum tank can milling under inflate or vacuum conditions</p> <p>Stainless steel vacuum sleeve, you can put other common cans (for example: agate, zirconia, PTFE, etc.) trap, so that in agate, zirconia, PTFE, etc. jar, milling under inflated or vacuum conditions</p>
Feed size	Soil material ≤10mm, other material ≤3mm
Discharge size	Mix 0.1um
Speed ratio	1 : 2
Broader market speed (milling tank speed)	00-530 Rev / min
Milling tank rotation speed	00-265 Rev / min
Broader market speed	Frequency variable speed, programmable control

<p><b>Control method</b></p>	<p>With timing, automatic shutdown.</p> <p>Can be set automatic reversing</p> <p>Can be set intermittent rotation</p>
<p><b>Intelligent control</b></p>	<p>Limit switch is mounted, with open lid power off, stop turning the function</p>
<p><b>Max continuous working time (Full load)</b></p>	<p>72 hours</p>
<p><b>Can be equipped with ordinary milling tanks model</b></p> <p>(can be equipped with four such tanks)</p>	<p>250ML 500ML 100ML</p>
<p><b>Can be equipped with stainless steel vacuum ball milling tanks</b></p> <p>(can be equipped with four such tanks)</p>	<p>250ML 500ML</p>
<p><b>Can be equipped with stainless steel vacuum models</b></p> <p>(can be equipped with four such tanks)</p>	<p>250ML 500ML</p>
