

PROFI LIGNO LI0051, LI6008

DATASHEET

PRODUCT DESCRIPTION

The profi LIGNO is the new edition of moisture meters maxi LIGNO and combi SCAN. It combines and extends their functions. Not only wood can be measured, but also different building materials, for example screed or gypsum. The profi LIGNO is a dual meter, which means you are able to choose between non-destructive scanning or connecting an external electrode. It particularly suits for discerning clients.
