

Midi magnetic stirrer

MS-18D

Ideal for:

- mixing of chemical, laboratory and pharmaceutical materials

Features:

- high performance brushless DC-motor: high efficiency stirring performance and precise speed control (minimize RPM fluctuation), low maintenance costs
- speed range from 100 – 2,500 rpm
- max. 5 l stirring capacity (H₂O)
- outstanding chemical resistance due to tempered glass plate (180 x 180 mm) and PP housing
- dust- and splashproof
- digital speed LED display
- 30 mm stirrer bar included
- CE certified and unique serial number for tracing

Controller:

- electronically controlled motor for more capacity
- digital PID control with Jog-Dial

Features

Devices with 230 V power supply can also be supplied with 120 V on request.

Version

Midi, 230 V

Width (Outer)

193 mm

Length (outer)

193 mm

Height (outer)

80.5 mm

Controller

digital

Housing material

PP housing

Speed

100 - 2,500 rpm, high performance brushless DC motor

Capacity

max. 5 l (H₂O)

Motor rating

12 / 6 W

Plate size

180 x 180 mm

Plate material

tempered glass plate (5 mm thick)

Accessories

incl. 30 mm stirring bar, up to 50 mm usable
available

- Order number: DH.STIM018
