

Fume Extraction System
Model: HV-2

Solder Fume Extractor System

A free-standing extraction system for the safe removal of soldering fumes.

- Compact design – fits under workbench.
- Complete with 2x 2.5m hose arms with funnels.
- Can use one or both arms.
- Brushless, maintenance-free centrifugal fan motor.
- Variable motor speed control.
- Stay-put, positionable arms can be cut to length.
- Quiet operation.
- Castors for easy re-positioning.
- Technical specification.

Specification:

Input: 230V, 50Hz

Rating: 120W

Air flow: 340 cubic metres/hour

Noise level: <50dB (A)

Dimensions: (H x D x W) 446 x 376 x 376mm

Weight: 23kg
